SUMMARY

Computer science graduate with technical skills in C++, C, HTML, CSS, JavaScript, ReactJS, Git, and GitHub. I am passionate about problem-solving, possess excellent oral and written communication skills, and am highly motivated to continue learning. Seeking a challenging environment to apply my skills and nurture professional growth.

EXPERIENCE & INTERNSHIPS

Tecraki Technology Solutions PVT. LTD.   **Dec 2023 – Present**
Front-End Developer
- Collaborated with cross-functional teams to integrate RESTful APIs into the ReactJS frontend, ensuring seamless communication between the client-side application and server-side databases.
- Designed and implemented responsive user interfaces (UI) using modern ReactJS libraries and frameworks, enhancing user experience and engagement across web platforms.

Code Clause   **Aug 2023 – Sep 2023**
Web Development Internship   *Link*
- Developed a ReactJs weather app using external APIs, providing real-time weather data to users.
- Implemented secure Firebase authentication for email, Facebook, and GitHub login methods.

VPKBIET, Baramati Pune   **May 2022 – June 2022**
Virtual Cybersecurity Industry Internship   *Link*
- Learned how to perform brute-force attacks and identify vulnerabilities using SQL injection and XSS
- Acquired knowledge and skills in cybersecurity through this comprehensive program

TECHNICAL SKILLS

Languages/Database: C++, C, JavaScript, HTML, CSS, SQL
Web Technologies: Reactjs, Bootstrap
Additional Skill : Git, Github, Linux (Ubuntu) / Windows, Figma
Coursework: Operating Systems, Computer Networks, Database Management System, Data Structures Design and Analysis of Algorithms, Artificial Intelligence

EDUCATION

Bundelkhand University , Jhansi   **July 2019 – June 2023**
Bachelor of Technology (Computer Science and Engineering)   *CGPA: 7.8/10*

RPJSSMIC Tetri bazar Siddharth Nager   **July 2016 – June 2018**
Intermediate (12th)   *Percentage: 82.6/100*

PERSONAL PROJECTS

Healthcare-Space | *HTML, CSS, PHP, JavaScript, Bootstrap, Git Github-link*   **Healthcare-Space**
- On one click find the best Doctor in Jhansi and book your appointment.
- Utilized responsive design to ensure compatibility across all devices.

Covid-19 Tracker | *ReactJS, CSS, JavaScript, Bootstrap, Rapid API, Git Github-link*   **Covid-19 Tracker**
- React-based COVID tracker app that provides information on prevention measures, and symptoms.
- Show real-time covid status.
- It is responsive and compatible with all devices.

Shivam Medical Store | *HTML, CSS, JavaScript, Bootstrap, Git Github-link*   **Shivam Medical Store**
- Created a website for Shivam Medical Store that allows users to explore the store, book appointments, and medical staff
- Integrated EmailJS API to enable appointment booking and email notifications

EXTRA-CURRICULUM'S

Smart India Hackathon Participants 2022 | *Link*   **August 2022**
- Managed a team and project during the hackathon, showcasing leadership and project management abilities.
- Developed practical expertise in fast prototyping, problem analysis, and time management during the hackathon's coding and development phases.

NSS Volunteer
- Organized and participated in events that aimed to raise awareness about important social issues.
- Gained valuable insights into the importance of community service, honing leadership skills, and enhancing teamwork capabilities through collaborative projects.

CERTIFICATIONS & ACHIEVEMENTS

Web Development training 8-week
5 star badge in C++ at HackerRank
250 + DSA questions Solved on Coding Ninja studio GeeksforGeeks and Leetcode
